## A. Nationality and Human Rights of the civilians of the occupied Japan Empire Formosa

Now, the JPE Government has about 20 million (<sup>Note 1</sup>) Japan Empire's nationals in the occupied Japan Empire Formosa and Pescadores (Formosa and Pescadores, hereinafter "Taiwan").

### **Note 1: the amount of Japan Empire's nationals in the population of the occupied Japan Empire Formosa and Pescadores**

There were 6.35 million Japan Empire nationals in Taiwan in 1945; USA's CIA website proclaimed that USA and USA's aggression force (Chiang Kai-shek) moved 2 million Chinese Refugees into the occupied territories Taiwan at the end of 1949. Through the 228 Massacre in 1947 made by USA and USA's aggression force (Chiang Kai-shek), the populations in Taiwan was about 6 million, and adding 2 million Chinese Refugees = 8 million population at the end of 1949. **The Japan Empire's nationals: Chinese Refugees is similar to 3:1.**

However, most of Chinese Refugees who obtained money illegally under cover of USA and USA's aggression force (Chiang Kai-shek) fled again to USA.

**Now, the population in Taiwan is 23.5 million.** If we calculated Japan Empire's nationals through above 3:1, there are **18 million Japan Empire nationals**, but refer to more evidences showing that there were not so many Chinese Refugees moving into Taiwan as USA's CIA proclaimed and the rate of Chinese Refugees fleeing again to USA is high. That means the **Japan Empire's nationals may be more than 20 million in Taiwan today.**

Therefore, the amount of Japan Empire's nationals in the population of the occupied Japan Empire's Formosa and Pescadores is at least 18 million and estimated to 20 million.

The nationality of the inhabitants of Taiwan came from 1897, the time after 2 years of the Treaty of Shimonoseki (1895) coming into force. At Article 5 of the Treaty of Shimonoseki (1895), it plainly provides that the inhabitants of Taiwan could individually consider having the nationality of Japan Empire within two years since the said treaty coming into force; and, it came from the Citizenship law performed in Taiwan in 1902. (for more details, please see "**Annex 1: The inhabitants of Taiwan and Penghu are citizens of Japan Empire**" of "The Japan Empire Proclamation on the Forever Heaven Celebration Day of 2015 & National Banquet Invitation" <http://regovje.org/files/20160806ECfor20161223.pdf>) **From then on, the inhabitants of Taiwan have been benefited into the history of Human Rights.**

The day of **May 8th** is the day of Treaty of Shimonoseki (1895) coming into force, is the World Red Cross and Red Crescent Day, and is the day that the inhabitants of Taiwan started their lives with Human Rights, with nationality of the sovereign State (Japan Empire) and "everyone is entitled in full equality to a fair and public hearing by an independent and impartial tribunal, in the determination of his rights and obligations and of any criminal charge against him".

But the Human Rights of the inhabitants who are of Japan Empire's nationality have been brutally deprived since the "Military Occupation Starting Day" on 25 October 1945 till today by **United States Aggression Force-Chinese Refugees Armed Group (USAF-CRAG**, for more details, please see **Annex 5: USAF-CRAG /,jusaf'krag / U.S. Aggression Force – Chinese Refugees Armed Group** of "The Japan Empire Proclamation on the Forever

Heaven Celebration Day of 2015 & National Banquet Invitation”

<http://regovje.org/files/20160806ECfor20161223.pdf>) in violation of the **Laws of War, the Geneva Conventions of 1949** and in violation of **The Universal Declaration of Human Rights (UDHR)**.

## **B. The situations before the time that the inhabitants of Formosa and Pescadores having Human Rights in history.**

**What are the situations in Formosa and Pescadores before Japan Empire’s sovereignty over Formosa and Pescadores by the Treaty of Shimonoseki (1895)?**

### **1. It had poor transport facilities and no communications.**

"When Japan (Japan Empire) took over Formosa **there were no roads in existence.**"

Please see the New York Times reported “SAVAGE ISLAND OF FORMOSA TRANSFORMED BY JAPANESE 24 September 1904”

<http://www.rcje.org/index.php/tw/discussion/item/11-savage-island-of-formosa-transformed-by-japanese>

### **2. There were many local tribes.**

Tribes were in mountains, in flatlands in Formosa. There were old-armed conflicts and agreements between tribes. None of our tribes had an international vision, and there was none tribe called Formosa.

Besides, all the tribes had never moved from mainland China, they were natives of Formosa, or moving around Austronesian islands.

(For more details, please see “Annex 3 – 5: Ever since ancient times Taiwan and Penghu belong to Japan” of “The Japan Empire Proclamation on the Forever Heaven Celebration Day of 2015 & National Banquet Invitation”

<http://regovje.org/files/20160806ECfor20161223.pdf> )

### **3. The harsh survival conditions**

Qing Empire did not offer nationality to the inhabitants of Formosa and Pescadores, and had no any constructions (including traffic) in Formosa and Pescadores before the Qing Empire ceded its colonies Formosa and Pescadores to Japan Empire. It was savage, poor sanitation and harsh to survive in Formosa and Pescadores. The population was estimated to 2 million in Formosa and Pescadores as same as the time Qing Empire exterminating the escaped remnant forces of Ming Empire.

The population of Formosa and Pescadores into the Human Rights Age of Japan Empire amounted to 2,455,357 in 1897. It had risen to 3,082,404 in 1903 and had risen to 6.35 million in 1945.

#### **4. Qing Empire's officials colluded with organized bands of outlaws and robbers**

In the year of 1895, when Qing Empire ceded full sovereignty of Formosa and Pescadores to Japan Empire, few Qing Empire's officials colluded with organized bands of outlaws and robbers announcing to form "The Taiwan Republic" in the savage territories (see item 1 and 2 above) provided in international treaty. "The Taiwan Republic" was ridiculous and totally outlaws. The leaders of "The Taiwan Republic" fled back to Qing Empire after they pillaged or defrauded inhabitants' property. There is a Formosan proverb named "a-po-lang-kang" (The Qing Empire's official wore makeup to old lady to run away) describing the ridiculous "The Taiwan Republic"

### **C. The harsh situation of Human Rights in Formosa and Pescadores since the armistice day on 2 September 1945 till now**

This year is the 71st year since the Japan Empire has been occupied. Reviewing to the armistice day on 2 September 1945, it must be the longest war, the worst war in human history in violation of Hague Conventions (1899 and 1907) and the Geneva Conventions (1949) with infringing Human Rights leading by USA.

**Under the USA's military occupation, the United States threatened the JPE Government to abolish the Japanese Red Cross Society by Edict No.15 on 17 January 1947 causing that ICRC cannot communicate Japanese Red Cross and cannot give the Human Rights aids and Humanitarian aids to Japan Empire's nationals. This made the Japan Empire's nationals lost the help from the international humanitarian organization.**

**And under the USA's military occupation, the United States forced partly territories of Japan Empire to enforce New Constitution with sovereignty transferring to people. By the use of force and threats, to transfer sovereignty under military occupation, the USA forced a new Japan to be independent from Japan Empire. This made the JPE Government being "temporary disappearance", and made the Japan Empire's nationals lose Human Rights' protection by the JPE Government.**

On the other hand, in the occupied Japan Empire's Formosa and Pescadores (Formosa and Pescadores, hereinafter "Taiwan"), the President of the United States appointed General Douglas Macarthur as the Supreme Commander for the Allied Powers (SCAP) to publish the General Order No. 1 to assign the Chinese warlord Chiang Kai-shek to occupy the Japan Empire's territory Formosa and French colony Vietnam. Nominally, Chiang Kai-shek Group is acting on behalf of the Allied Powers to occupy Japan Empire's Formosa; in fact, Chiang Kai-shek Group is the foreign mercenaries of USA, and acting on behalf of USA to occupy Japan Empire's Formosa.

On 25 December 1945, the day after the day that UN Charter coming into force, Chiang Kai-shek's army formally proclaimed its occupation in Taipei of Formosa and named the day "Retrocession Day". However, The Republic of China (**ROC**) started its National Independence Movement in the non-self-governing-territory-China since 1912, but Qing Empire had ceded Formosa and Pescadores to Japan Empire very early in 1895. Even if ROC inherited Qing Empire's sovereignty could have no sovereignty over Formosa, let alone ROC did not inherit Qing Empire's sovereignty. Chiang Kai-shek acting on behalf of USA to occupy Formosa with announcing "Retrocession Day" is obviously a proclamation that military occupation in Japan Empire's Formosa started on the day after the day that UN Charter coming into force.

Chinese warlord Chiang Kai-shek is acting on behalf of USA to occupy Japan Empire's Formosa. On 10 January 1946, it proclaimed a military Order No.01297 in the occupied territories Formosa and Pescadores, trying to violate Hague Convention (1899 1907), to violate Article 2 - the principle of UN Charter, to force the occupied Japan Empire civilians being the ROC nationals. However, ROC started its National Independence Movement, since 1912 to the end of 1949, had failed and had never forming sovereignty in the non-self-governing-territory-China. How can such a Chinese warlord naturalize the occupied Japan Empire civilians to have ROC's nationality in violation of Laws of War, in violation of the principle of UN Charter? Later on 26 October 1946, the Occupying Power USA's official foreign relations document pointed out that all the inhabitants of Formosa and Pescadores are all of Japan Empire's nationality. They had never been of ROC's nationality. (For more details, please see [Annex 1 - 5: The United States in her 1946 official foreign relations document pointed out that all the inhabitants of Taiwan and Penghu are Japan Empire's nationals](#) of "The Japan Empire Proclamation on the Forever Heaven Celebration Day of 2015 & National Banquet Invitation" <http://regovje.org/files/20160806ECfor20161223.pdf>)

The Chinese warlord Chiang Kai-shek who was assigned by USA, has dissolved Governor Authorities of Formosa (臺灣總督府) of occupied Japan Empire in violation of Laws of War, committed Crimes Against Humanity and Genocide to the occupied Japan Empire civilians as well-known as 228 Massacre, pillaged occupied civilians' property, printed money of New Taiwan Dollar with exchanging to Occupied original Formosa Dollar by 1 : 40000, obstructed United Nations Relief and Rehabilitation Administration (UNRRA) and obstructed ICRC from stationing Formosa for offering humanitarian aids and for rebuilding civil authorities. Thousands and thousands of occupied Japan Empire civilians died of hunger and diseases in Formosa and Pescadores, by the lack of foods and medicine.

The Chinese warlord Chiang Kai-shek who was assigned by USA, has levied civil taxes has conscripted soldiers, from occupied Japan Empire civilians, till today.

And till today, the UNRRA, the United Nations Human Rights Council, and the ICRC, cannot station in the occupied Formosa and Pescadores which are controlled by

USAF-CRAG. The harsh situation in the occupied Formosa and Pescadores in violation of International Human Rights Law and International Humanitarian Law has never improved; the United States is seriously in violation of Geneva Conventions of 1949.

The Chinese warlord Chiang Kai-shek who was supported by USA, murdered Wang Jing-wei who was the leader of the regime in the Capital Nanking City of ROC. Later on, the Chinese warlord Chiang Kai-shek was spurned by the Mao Zedong regime and Chinese people due to its corruption and had been perished in Nanking in the end of 1949. The National Independence Movement of ROC had failed to exist. Just as said by the sentence of Case No. 08-5078 of US Court that said "..., forcing Chiang Kai-shek to flee to Taiwan (the occupied Japan Empire's Formosa) and re-establish the Republic of China ("R.O.C.") in exile."

The ROC after 1949 is not the ROC in mainland China, it was created by Chiang Kai-shek in violation of Laws of War and in violation of UN Charter in the occupied territories Formosa and Pescadores. This ROC (the ROC after 1949, hereinafter "**USAF-CRAG**"; for more details, please see [Annex 5: USAF-CRAG / ,jusaf'krag / U.S. Aggression Force – Chinese Refugees Armed Group](#) of "The Japan Empire Proclamation on the Forever Heaven Celebration Day of 2015 & National Banquet Invitation" <http://regovje.org/files/20160806ECfor20161223.pdf> ) has never been a State, but a Chinese jihad organization – anti mainland China's Chinese Government. The USAF-CRAG is an international terrorist organization created by the USA. The USA through Chiang Kai-shek established USAF-CRAG in the occupied territory Formosa.

Till today, all the civil authorities, civil body, all deferent level courts in the occupied Japan Empire Formosa have been taken over by the USAF-CRAG in violation of Geneva Conventions of 1949.

#### **D. The occupied civilians are in urgent need of rebuilding court in the occupied Formosa.**

In 2015 in the occupied Formosa, there were 5763 adjudgements in the Supreme Courts controlled by USAF-CRAG, 19240 adjudgements in the High Courts controlled by USAF-CRAG, 2325681 adjudgements in the District Courts controlled by USAF-CRAG. A total of 2350684 civil cases are given false verdict by USAF-CRAG in the occupied Formosa, in violation of the Universal Declaration of Human Rights (**UDHR**), in violation of the Laws of War, in violation of **Article 47 and 147 of the Fourth Geneva Convention of 1949. An average of 6441 occupied civilians are infringed their Human Rights by USAF-CRAG each day.**

In 2015 in the occupied Formosa, there were 5577 adjudgements in the Supreme Criminal Courts controlled by USAF-CRAG, 32355 adjudgements in the High Criminal Courts controlled by USAF-CRAG, 460261 adjudgements in the District Criminal Courts controlled

by USAF-CRAG. A total of 498193 criminal cases because of violating USAF-CRAG's laws which are illegally taking over all civil authorities to enforce in the occupied Formosa, are given illegal verdict by USAF-CRAG's inside procedure, make the case concerned occupied civilians put to Jail or to be punished or to be executed , in violation of the Universal Declaration of Human Rights (**UDHR**), in violation of the Laws of War, in violation of **Article 47 and 147 of the Fourth Geneva Convention of 1949**, in lack of station of International Humanitarian Organization, in lack of supervision of Protecting Powers. **An average of 1356 occupied civilians were put to Jail or punished or executed by USAF-CRAG's illegal verdict each day.**

Such serious situation of Infringing Human Rights is worse than the sentence of Case No. 08-5078 of USA's Court that said **"America and China's tumultuous relationship over the past sixty years has trapped the inhabitants of Taiwan in political purgatory.** During this time the people on Taiwan have lived without any uniformly recognized government. In practical terms, this means they have uncertain status in the world community **which infects the population's day-to-day lives."**

**E. The occupied territories Formosa and Pescadores are in urgent need of the station of Protecting Powers of Geneva Conventions, International Committee of Red Cross (ICRC) and United Nations Peacekeeping Force.**

There is no any legitimate force in the occupied Formosa to protect ICRC and the United Nations' NGO - Rescue Committee for the people of Japan Empire (**RCJE**). While RCJE's officials work on duty provided by the Geneva Conventions of 1949, such as searching for the killed the wounded or dispersed persons, assisting the protected persons with relief supplies, medical care, shelter from fighting in the occupied territories, the RCJE's officials are usually threatened, forced to pay USAF-CRAG the traffic taxes and fee, forced to pay fines and forced to pay taxes of occupied civil resources in violation of the Fourth Geneva Convention.

The RCJE's officials work on duty of the Fourth Geneva Convention of 1949 in the occupied Formosa may be killed and be pillaged personal property by USAF-CRAG at any time.

Yours sincerely,

(Sec.) Prime Minister of the JPE Government

President of Rescue Committee for the people of Japan Empire
